Last Week's Run

text by Sloppy, pix from Snail Trail and Cool Balls

Christmas day and the hare Just Cuming promised a tough B-to-A for the Rambos and an extra-wimpy wimp run for the Wimps. The Rambos packed themselves into the red bus and drove 15 minutes to the B (close to where Doi Kham Valley Road intersects with the Samoeng Road). JC did a nice job mixing up the checks on the way up and brought us down a difficult, steep, rocky slope on the way down. The Wimps did their 1km (yes, one kilometer) trail. Sheep Shagger and the Turk carried on and did almost 6km. Always on Top and few others did the Wimp three times...

Hare brief for the Rambos. Yes, 13 of us squeezed onto the Song Thaew.

The steep slope and the backsides of Strangely Anal and Prison Bitch.

Another view of that slope and another view of Strangely and PB (their backsides look better than their front sides, go figure)

Graven Image, racing...

Sno-balls, Sheepy and Sticky Balls, going up the Wimp hill

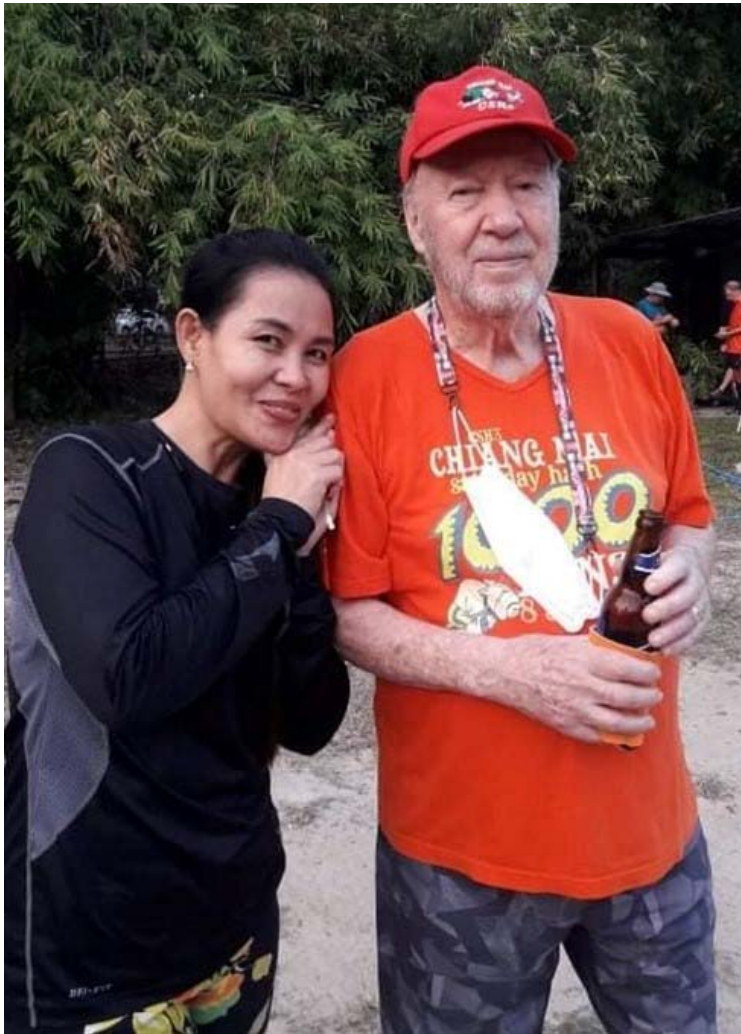

Discharge coming down the hill..

Turkish Delight and Sheep Shagger doing their own thing.

Pre-circle: Boys will be boys.

Beauty and the Beast.

Hash Splash Always on Top getting splashes ready, and Tip Toe recycles the can-tab.

Hash Circle: what did we think about the run?

We think Hash Shit for the hare

Superbitch and Boiled Egg on the ice. Long-time-no-see Geisha!

Strangely and BUF are punished, while Cool Balls, Sticky Mango, Gravy, and Tingtong look on.

Brain Dead Hash Cash Titty Smoker, joined by Skiddy, Snail Trail and their kids Chatterbox and Sinbin.

Wings! The visitor F*cking In Tents and long time Chiang Mai Hash veteran, Cool Balls.

Merry Christmas and Happy New Year!
