## Last Week's Run

Even with the later starting time, it was still very hot when I arrived at one of Chiang Mai hashes' favorite run sites, **Turkish's Triangle**. **Deep Throat** and **Stumbling Dyke** sent us out on the dirt road through the orchards and, after a check or two, came to the Wimp/Rambo split. Judging from **Snail Trail's** pictures, the walkers had lovely stroll though shaded forest trails. The runners didn't have it as good. We first had to cross a treacherous ditch – **Devil's Reject** fell in, hurt his leg and headed back to the A-bucket. We then trudged up, up, up to highest peak in the area, and found some good running trails. Tricky checks then took their toll. First, **Bow Wow** got a circle check wrong and checked the wrong way down a tough hill. **Pigshit** got bagged next, on a circle check off to the left, but it wasn't too bad. Finally, it was my turn to get caught. Another tough circle check, and I was sure I was correct, but no. **Graven Image** and **HRA** made it through unscathed – luck or experience? We continued on, running down on some great trails back down to the cold beer. Thanks hares!
