### Last Week's Run

**Bushy Tail** drafted **Just Cumming** to help her set CSH3 run #1386 nine kilometers or down the canal road and located the A-bucket high on a hill, in a new shelter, overlooking the valley. The hashers headed off down a path lined with banana trees, but with the recent rain, it turned into a treacherous, slimy, steep, muddy trail. **Square Rooter**, **Superman** and **Tip Toe** were not amused. They made to the in-road where we found the Wimp-Rambo split; the wimps headed back up to the beer and the Rambos hiked up a mountain on the opposite side of the road. On the way up, **Captain Hook**, **Pigshit**, and **Skidmark** were flustered by the many tricky v-checks, circle checks and false trails. What goes up must come down, and after a bit of rock climbing, the gang had a fun run down and made it to the drink stop where **the hares** were waiting with cold beer. The Rambos looked up and saw the A-bucket high on the hill, and reluctantly left the beer and made their way back via the banana trail. Nice job **Bushy** and **JC**, this hash run was a lot of fun.
